Tutoring People with Dyslexia

The Barton Reading & Spelling System will greatly improve the

- reading
- spelling, and
- writing skills

of children, teenagers, or adults with dyslexia.

Thousands have learned the Barton Reading & Spelling System, using our training DVDs.

This is your once-a-year opportunity to learn the Barton Reading & Spelling System live – directly from Susan Barton.

The Barton System:

- is based on Orton-Gillingham
- has independent research that proves its effectiveness
- contains the 5 essential components of reading instruction required by the No Child Left Behind act
- is approved by the California Department of Education

Professional tutors and parents use the Barton System for one-on-one tutoring, while Reading and Resource Specialists use it in groups of up to 3 students.

Because it was designed for volunteer tutors who have no teaching experience, it has proven ideal for Early Intervention programs and After School Tutoring programs.

Many parents and volunteer tutors enjoy helping kids so much that they become part-time or full-time Certified Barton tutors.

To be the most effective tutor possible, you must not only use a good system, but you must also understand dyslexia and ADD/ADHD. Here's what you'll learn:

Day 1: Dyslexia In Depth

Day 2: Which Students are Ready for the Barton System
Teaching Phonemic Awareness

Day 3: Teaching Short Vowels, Consonants, and Digraphs

How to set up an Early Intervention Program

Day 4: ADD/ADHD In Depth

Day 5: Teaching Spelling Rules

Syllable Division and Fluency

Working with Small Groups

How to become Certified within 6 months
